

KOÇ UNIVERSITY
DEPARTMENT OF ARCHAEOLOGY AND THE HISTORY OF ART
Sariyer/Istanbul

is accepting applications for

**A FULL-TIME POSITION AS AN ARCHAEOLOGY
LABORATORY TECHNICIAN**

to begin 15 February 2016.

In addition to ensuring the safety of the laboratory and the depot, the lab technician is responsible for the ordering and maintenance of necessary laboratory supplies. Coordinating events, workshops and other occasions for students and the department to learn about aspects of archaeology or related laboratory work is expected. The successful applicant should be familiar with the equipment/microscope in the archaeology laboratory and be able to assist with department and student projects and be able to help affiliated researchers coming to use the facilities from outside institutions/universities.

Especially welcome are applicants with training in archaeometry and with background in the operation of laboratory instruments. Applicants with at least a master's degree in related discipline are preferred.

**Interested applicants should submit a CV with references by 1
February 2016.**
