

# Recent research in the Prehistory of the Balkans

## Specialised session of the French Prehistoric Society

October 4th-5th, 2021, University Paris-Nanterre, France

*Environments, Chronologies and Cultural Dynamics from the Late Glacial Maximum to the beginning of the Neolithic (ca 23,000 to 6000 cal BC).*

**First Circular - February 2020**

Comité d'organisation : Jessica Lacarrière<sup>1</sup>, Sonja Kačar<sup>2</sup>, Antonin Tomasso<sup>3</sup>

contact : [balkanspf@gmail.com](mailto:balkanspf@gmail.com)

The specialised session of the French Prehistoric Society (SPF) "Recent research in the Prehistory of the Balkans" originally scheduled for November 2020 has been postponed due to the Covid-19 pandemic. It will be held on October 4th – 5th 2021 at the University Paris Nanterre, 21 Allée de l'Université, 92000 Nanterre. If travel and gathering restrictions are still in place at this time, the meeting will be held virtually.

The aim of this international round table is to provide an overview of current research on the prehistory of the Balkans from palaeoenvironmental and techno-cultural perspectives. It aims to bring together both local and international researchers to discuss recent work, research dynamics and perspectives.

Complete call for papers is available here: Read the call for contributions (French and English).

Paper presentations will be limited to 20 minutes, followed by a 10-minute discussion. The program will be organized in a way that allows the most time for exchanges. Presentations will be held in French or English.

Lunch and coffee during the breaks will be provided by the organisers. Dinner, travel and accommodation expenses are the responsibility of the participants. Please submit your abstracts to [balkanspf@gmail.com](mailto:balkanspf@gmail.com). Abstract submissions are due on April 30th 2021.
